Winter Summit 2018**

Turku, Finland

Thursday 25th and Friday 26th January

**University of Turku, Department of Nursing Science
Joukahaisenkatu 3-5, A, 20014 Turku, FINLAND**

Topic: *Empowering citizens - contribution of Nursing Science*

The EANS Winter Summit

The EANS Winter Summit is a gathering of nurse scientists from across Europe who come together to progress the scientific aims of EANS, develop collaborations and deepen their understanding of nursing science. In addition, the Summit seeks to increase our understanding of nursing research in its various contexts within Europe.

General aim

The winter summit aims to provide a platform for EANS members to learn, discuss, network and get & provide new ideas and inspiration on an important topic. This year's winter summit is concerned with patient centeredness, arguably one of the central features of nursing care. Keynotes and workshops will address this topic from different angles and different viewpoints.

Specific aim

The winter summit addresses the role(s) of nursing and nursing science on citizen empowerment with a specific focus on person centered care (PCC) and patient & public involvement (PPI).

Format

Keynote speakers, mini keynotes (Pecha Kucha), interactive workshops and discussion.
