The city of Ghent is situated on the intersection of two major European motorways: the E17 (connecting Northern and Southern Europe), and the E40 (connecting the North Sea to Eastern Europe). From the E17 you take the 'Gent Centrum' turnoff. On the E40, from the motorway intersection in 'Zwijnaarde' you first follow 'Antwerpen' (E17) and then take the 'Gent Centrum' turnoff. The P-route leads you to the various car parks which provide access to the city centre. The city has a circulation plan and is therefore divided into seven sectors. Vehicles can travel between the various sectors using the ring road (R40). More information can be retrieved here. The centre of the city of Ghent is a pedestrian area and difficult to manoeuvre if you are not used to it. Free parking will be provided in the Ghent University Hospital.
