

E·A·N·S

EANS Summer Schools started in 1999. Many EANS Fellows have been responsible for organising the Summer School since then.

Running a Summer School is a challenging journey because everything is arranged on a voluntary basis. More than 100 students and approximately 20 teachers stay one or two weeks on site. In addition to education, several social and professional activities are offered.

The EANS Summer School chronology:

1999	Guildford	United Kingdom
2000	Guildford	United Kingdom
